Weekly Bibliography of Current Mental Hygiene Literature

JAN 10 1925

Abbot, E. S.

What is mental hygiene? A definition and an outline. American journal of psychiatry, October 1924, v.4, p.261-84.

American psychiatric association.

Proceedings, 18th annual meeting, June 3, 1924. American journal of psychiatry, October 1924, v.4, p.333-97.

Barrett, A. M.

Constitution and disposition in psychiatric relations. American journal of psychiatry, October 1924, v.4, p.245-60.

Bjerre, Poul

The way to and from Freud. Psychoanalytic review, January 1925, v.12, p.39-66.

Bowers, P. E.

Manual of psychiatry: for the medical student and general practitioner. Philadelphia, Saunders, 1924. 365 p.

Browner, J. N. and A. F.

Etiologic factors in two hundred and ten cases of mental breakdowns. Georgia medical association journal, November 1924, v.13, p.469.

Burrow, Trigant

Relative concept of consciousness and analysis of consciousness in its ethnic origin. Psychoanalytic review, January 1925, v.12, p.1-15.

Dawson, W. S.

Aids to psychiatry. N. Y., Wood, 1924. 309 p.

Hollos, Stefan and Sandor Ferenczi.

Psychoanalysis and the psychic disorder of general paresis. Psychoanalytic review, January 1925, v.12, p.88-107. (to be cont.)

Hubbard, L. D.

What the hospital can do for the mental convalescent. Nation's health, Dec. 1924, v.6, p.844-45.

Jones, S. W. and Howard Scott.

Functional planning of hospitals for mental disease. American journal of psychiatry, October 1924, v.4, p.317-31.

Kammerer, Paul.

Inheritance of acquired characteristics. N.Y., Boni, 1924. 414 p.

Karpman, Ben.

The sexual offender. II: a contribution to the study of the psychogenesis of sexual crime. Psychoanalytic review, January 1925, v.12, p.67-87. (to be cont.)

Kelley, O. F.

On the significance of certain nerve cell changes, probably toxic in relation to clinical diagnosis. American journal of psychiatry, October 1924, v.4, p.227-36.

Lewis, N. D. C., L. D. Hubbard and E. G. Dyar.

Malarial treatment of parietic neurosyphilis. American journal of psychiatry, October 1924, v.4, p.175-225.

Mental hygiene in Canada. Social welfare, December 1924, v.7, p.51-52.

Mitchell, H. W.

Methods employed in the control of state hospitals for mental patients. American journal of psychiatry, October 1924, v.4, p.285-95.

Psychotherapy in nervous diseases. (Rio de Janeiro letter) Journal of the American medical association, December 27, 1924, v.83, p.2107.

Raphael, Theophile and G. J. Smith.

The Kottmann reaction as applied to psychiatric cases. American journal of psychiatry, October 1924, v.4, p.161-73.

Root, W. T.

Things more important than the three R's in elementary education. Childhood education, January 1925, v.1, p.215-22.

Sollier, Paul.

An attack on Freudian doctrine. British medical journal, December 6, 1924, p.1063-64.

Stekel, William.

Peculiarities of behavior. Reviewed in Survey, December 15, 1924, p.362.

Thom, D. A.

Mental handicaps of childhood. Hygeia, January 1925, v.3, p.29-30.

Thompson, C. E.

How to secure public support of a state hospital. American journal of psychiatry, October 1924, v.4, p.309-16.

Thompson, J. C.

Psychoanalyst and his work. U. S. naval medical bulletin, December 1924. v.21, p.737-97.

Wood, W. F.

Administrative problems of the Boston Psychopathic Hospital. American journal of psychiatry, October 1924, v.4, p.297-307.
